

WHAT IS IT?

The Rugby in Bloom campaign is run by Rugby Borough Council with the co-operation of many local organisations, groups and individuals without whom it would not be possible. A big thanks to all involved.

Rugby in Bloom is hugely successful with the aim of the competition being to encourage all sectors of the community to brighten up the environment. There are two parts to Rugby in Bloom – a commercial section and a private section with various categories to enable residents living in the town and villages (with a variety of gardens) to participate.

There are various trophies and prizes awarded for all of the categories. For the private entries the judges look for a good choice of plants, quality of design and maintenance and good use of space.

We are all excited to be back with Rugby in Bloom and are looking forward to the judging taking place and also the return of our awards ceremonies.

For more information about Rugby in Bloom please contact (01788) 533706 or email talkinthepark@rugby.gov.uk
