Hi Lucy,

Thanks for the invitation to consult on the proposed development.

The two proposed football pitches on the northern green space would meet the expected future demand for mini 7v7 pitches in the urban area, as outlined in the Council's adopted Playing Pitch and Outdoor Sport Strategy.

It would be useful to gain further clarity on the proposed provision and operation of the 'community facility', particularly in terms of how it could provide ancillary support for the playing pitches (e.g., changing rooms, toilets, equipment storage, etc.).

The proposed car park to the north of the site, with access to the existing playing fields, could also support use of the pitches on the existing fields, which currently have no parking provision.

Thanks,
Tom
