Dear Sir or Madam

I am writing to you to add my support for the reinstating the use of Brandon Stadium for the use of stock car racing and speedway policy W 1B

My dad raced stock cars at the stadium in the 70s and myself raced stock cars at the stadium in 90s and 2000s my son is now racing and it would be great for him to race at what is a great venue

When we was not racing our self's we would always go and watch the racing first Saturday of the month it has been deeply missed since the closure in 2016

Regards Richard

Richard Brighton
