Subject: Proposed Submission Consultation

I'm fully in support for your Policy W1B in Rugby Council s emerging Local Plan.

I cannot stress how the loss of Brandon Stadium has effected my family. We were avid supporters of Coventry Bees and enjoyed our weekly visits to Brandon during each season between 1976 (when we moved to Coventry) until 2016 when the stadium closed.

It's sacrilege how Brandon has been left to decay when the place was so popular. The Stadium held world championship meetings for both Speedway and Stockcars and people travelled from all over Britain to attend.

I am aware how supportive Rugby Councillors are in the relation to Brandon. So my thanks to you all.
The fight goes on.

Norma and Dennis Carpenter
