Subject: Brandon Stadium

Dear Sirs,

I fully support the decision to retain Brandon Stadium as a facility for Speedway and Stock Car racing. The facility is an important asset to be enjoyed by the public of Rugby, Coventry and Warwickshire. Since its closure almost 10 years ago it has been sorely missed both in the local area and wider as a leading provider of motor sport competition and entertainment.

I look forward to the return of this iconic venue to its proper use.

Yours faithfully,
