Subject: Representations on the Proposed Submission Local Plan

Good morning,

Further to your invite to make representation on the Proposed Submission Local Plan, Crick Parish Council discussed the matter at the Parish Council meeting on 16 February and agreed to the following:

EN3 Rainsbrook Valley landscape of elevated sensitivity

- To support this policy.

5.7 The Rainsbrook Valley is designated as a landscape of elevated sensitivity. The findings of the Rainsbrook Valley Landscape Sensitivity Assessment (2025) justify affording this area a higher degree consideration in decision making.

- To support this statement.
- In addition, Crick Parish Council would encourage Rugby Borough Council to request that West Northants Council have a similar policy for the Rainsbrook Valley which lies within the boundaries of the West Northants Council.

Regards,

Paul
