Land north of B4109, Wolvey should not be allocated for housing for reasons set out below:

- 150 new homes are of a disproportionate scale with the current village.
- The proposed allocation is within the Green Belt – contrary to Government Policy.
- Previous landscape studies have indicated that the land has 'High sensitivity to housing development'. It is therefore not suitable.
- Part of the site is next to a local wildlife site. There has not been a sufficient assessment of the ecological impacts.
- 150 homes (and up to 210 homes) is too much for Wolvey's infrastructure in terms of pressure on: the primary school, travel to secondary school, GP practice, and the very limited public transport availability.

The Draft Local Plan seeks to allocate some 1,500 new homes on land that would need to be released from the established Green Belt. Clearly, this does not protect the Green Belt.

There are development options outside of the Green Belt that should be explored. The Council's evidence is contrived and seeks to identify large areas of Green Belt as 'Grey belt' – these areas are needed to safeguard the countryside from encroachment. This feels like the Council is 'changing the rules' to suit its plan. Green Belt designation exists for a reason and it is totally inappropriate for the Council to ignore this.

Please be as precise as possible.

Allocations and designations should follow the National Planning Policy Framework and only allow changes to the Green Belt in exceptional cases. I believe that this is not an exceptional case and there are more appropriate sites elsewhere for development which are closer to urban areas.

I believe that Policy S2 is not sound because it provides the basis for an unsustainable pattern of development that is not justified by the evidence. The policy does not reflect the overall preferred strategy of Urban Concentration – it proposes nearly 58% of new allocations (over and above those in previous Local Plans and already with permission) in the rural areas.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I believe that more growth should be directed to the urban areas around Rugby and Coventry with a reduction in Wolvey and other remote rural areas. There are potential alternatives that are superior in terms of their strategic locations and sustainability. Options with far greater access to services and facilities.

I believe that Policy S1 is unsound in that it is not justified by the supporting evidence. The Rugby Urban Area should accommodate the majority of new growth not the less well-served and remote rural areas. The 'Main Rural Settlements' definition is not sound. Wolvey is the smallest and least well-served of all the rural villages and yet has the third highest housing allocation.

You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. I believe that Wolvey should be in a lower category in the hierarchy because of its very limited services, facilities, employment and public transport.
It is a small remote village unable to accommodate the level of growth proposed.

The scale of development proposed for the village of Wolvey is not capable of being supported by the available infrastructure.

Important areas of infrastructure that are lacking include:

- The GP practice is only open on limited days (and only for part of the day) requiring long journeys. On the vast majority of occasions that I need to visit the GP surgery I need to travel to Burbage.
- The shop is small and not suitable for a weekly shop – requiring a car journey, usually to Coventry.
- Public transport is poor.
 - The primary school is I believe near to its capacity and cannot accommodate another 70 pupils.
- There are no secondary or special education needs school in Wolvey. This would require a long journey by car, taxi or coach.
- There are no dentists, pharmacies or hospitals – requiring a long journey. If I need to attend a hospital appointment then I have to travel by car to Rugby, Coventry or Leicester.
- Improvements would be unlikely as a result of new development.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The proposed housing sites should be removed from the draft plan because it has not been justified that the available infrastructure can accommodate them. There are better options close to the urban areas of Rugby and Coventry that have better services and facilities which are more easily accessible.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

All representations received will be submitted to the Planning Inspectorate alongside the Proposed Submission

Local Plan and published on the council's website. Personal addresses and email addresses (as distinct from businesses addresses), but not names, will be redacted before representations are published.

Wolvey is a small remote village that is poorly served by public transport. The nearest towns and cities are realistically only accessed by car. The proposed new homes are remote from urban areas with shops, jobs, leisure and medical facilities. Wolvey has very limited services and facilities meaning car travel is essential. There is a very limited bus service that connects Wolvey to Nuneaton and Coventry and none to the nearest town of Hinckley. Although there is a part-time GP service in Wolvey, I have found that 95% of the time that I need to visit the GP surgery, I need to travel to Burbage by car. There is no public transport to Burbage.

Large housing sites should be removed from the Local Plan because Wolvey does not have good access to many services and facilities, and poor public transport. There are better options close to the urban areas of Rugby and Coventry that should be considered first. Rugby has better services, facilities and employment opportunities and public transport.

Allocations proposed in the emerging Local Plan do not reflect the available evidence in terms of impacts on the landscape. In particular the site at Land north of B4109. Previous evidence indicated that the site had 'High sensitivity to housing development' in landscape terms. The allocation at land north of B4109 would extend the village substantially towards the River Anker along the valley slopes. This would have a large impact on the character of the village.

I believe that this proposal is not justified or consistent with National Policy. The proposed allocation of the land north of B4109 is next to an existing wildlife site. An ecological assessment should have been undertaken.

Although mostly sound, design policies D1 to D5 that seek to improve design quality are welcome.
However the scale of development proposed for Wolvey (a 60% increase in village size) would harm local character and the rural setting. The proposals would completely change the village community and put added stress on to already sparse amenities such as the GP surgery, public transport, etc.

The potential impacts of large-scale growth on the character of Wolvey needed to have been fully considered before sites were proposed as allocations. In particular, the impact on local amenities needs to be taken into account.

I believe that the Climate change section of the emerging Local Plan is not sound because it is not consistent with the National Planning Policy Framework. Policy CL1 should also address the location of development to ensure that new housing seeks to maximise walking and cycling (the most sustainable modes of travel) alongside good access to public transport in accordance with the National Planning Policy Framework. The current proposals clearly do not promote walking and cycling. Given Wolvey's location and poor access to public transport, the plan will increase car use.
