Site ID

4. Do you consider the Local Plan:

(1) is Legally compliant

Yes

(2) is Sound

Yes

(3) complies with the  
Duty to co-operate

Yes

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The Local Plan meets the requirements of the NPPF - hence the 'yes' answers but that does not mean some of its proposals are not objectionable or could t be improved with mitigation.

I agree with Newton and Biggin Parish Council's response on this site. It is brownfield and adjacent to the village boundary - if carefully developed it has the potential to positively improve the local environment.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Development Requirements are supported but should be added to to ensure that the existing roadside boundary hedge and trees are retained and strengthened and any footpath be set behind them rather than adjacent to the carriageway.

(Continue on a separate sheet /expand box if necessary)

**Please note:** In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

**After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.**

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

---

To ensure that my views are put before the Inspector.

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

9. If you have used AI to produce or substantially alter your representation, please declare which tool you have used, how it was used, and what checks you have undertaken to ensure the AI-produced material is accurate.

All representations received will be submitted to the Planning Inspectorate alongside the Proposed Submission Local Plan and published on the council's website. I agree with the response made by Newton & Biggin Parish Council. The proposal is an unwarranted extension of the urban area into a rural location beyond the 'defensible line' of the former Great Central Railway. If it is to be developed then the Development Requirements must be adhered to. In particular it is essential that the St Thomas Cross Fields Open Space be provided both to secure some separation between the urban area and Newton village and to provide much needed open space for recreational and ecological reasons, going some way to off-set the ecological damage caused by the development. It is also necessary that Newton Manor Lane and the non-standard St Thomas Cross junction be improved to accommodate the additional traffic.

I agree with the submissions of Newton and Biggin Parish Council and the Coton Park Residents Association. It has to be accepted that the site was allocated for development in the current adopted Local Plan and has planning permission for residential and employment. Changing to 100% employment raises challenges for this tightly constrained site. The Development Requirements must be adhered to with particular reference to access and a Design Code aimed at reducing impact at the southern and north eastern boundaries. It is not encouraging that at this early stage the potential developer has stated that £3m will be required for the sale of play areas to the adjacent school - a sum obviously well beyond its resources. This is concerning not only in itself but as an indicator of other Development Requirement that may be opposed or exploited for commercial reasons. Access to the site will be from the A426. Before the development proceeds it must be confirmed that there is adequate capacity in the A426 to accommodate the additional commercial traffic with particular reference to Junction 1 of the M6 and the Gibbets Cross junction with the A5(T).

Please be as precise as possible.

The Clifton Area of Separation is welcomed. The Local Plan justifies it (and other such areas for Dunchurch & Thurlaston) on the grounds of protecting the character of villages adjacent to the urban area. I fully agree with this but submit that it should apply equally to Newton. Consequently the Clifton area should continue north of its current boundary on Newton Manor Lane to abut the Great Central Way. It would thus include the St Thomas Cross Fields public open space and an area of farmland west of the village that is already the subject of development pressures.

compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

This response to relates to 2 areas of public open space proposed in the Policies Map.

1. Great Central Walk North. I fully support this extension of the adjacent Five Arches Wildlife Site both in terms of enhancing the viability of the site and in providing a partial buffer to the adjoining Coton Park East employment site.
2. St Thomas Cross Fields - this site is to be provided by the developer of the adjacent residential development in part to meet eco-off-setting requirements. It will also provide much needed open space for local residents and those from a wider area as well as becoming an important link in a chain of open spaces and footways.

(Continue on a separate sheet /expand box if necessary)

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

---

To ensure that my comments are brought to the attention of the Inspector.

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
