Subject: Support for Policy W1B Local Plan for Rugby Borough

Dear Sirs,

I wish to confirm my full support of Policy W1B of the draft Rugby Borough Council Local Plan and request that my representation be included in the group submission.

James Eccles

My previous submission to the council in relation to the consultation back in 2025 remains unchanged:

Hello, I hope this email finds you well.

I am writing to show my support for the Brandon Stadium appeal.

I believe that this site should NOT be considered for housing or any other development for the betterment of everybody. This site must be protected for motorsport and community events and I strongly support full restoration for stadium use as it is a key heritage site with deep local significance and whilst I don't live locally myself, my family and I used to travel all the way from the north west to watch the fixtures throughout the calendar year. After the stadium closed we did not visit Brandon which I'm sure is the case for most that watched the meetings and attended the events.

Thanks,

James

I trust that this is sufficient, however, should you require anything further please do not hesitate to contact me.

Kind regards

James Eccles
