Policy S1, Settlement Hierarchy, fails the Soundness Test as **Not Justified** for the following reasons:

- Supporting evidence does not justify Wolvey being where it is in the hierarchy
- The Rugby Urban Area should accommodate the majority of new growth not the less well-served and remote rural areas.
- The 'Main Rural Settlements' definition is not sound - Wolvey is the smallest and least well-served of all the Rural Villages yet has the third highest housing allocation.
- Wolvey has limited services, facilities, employment and public transport.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- Wolvey should be in a lower category in the hierarchy and have no large developments because of its limited services, facilities, employment and public transport.
- Wolvey should be in a lower category in the hierarchy and have no large developments because it is a small remote village unable to accommodate the level of growth proposed.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

I consider it necessary to participate in the hearing sessions so I can confirm that my comments and views have been properly analysed and taken into due consideration.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

All representations received will be submitted to the Planning Inspectorate alongside the Proposed Submission Local Plan and published on the council's website. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy S2, Strategy for Homes, fails the Soundness Test as **Not Justified** for the following reasons:

- Policy S2 is not sound because it promotes an unsustainable pattern of development in rural areas that is not 'justified' by the evidence.
- The policy does not reflect the overall preferred strategy of Urban Concentration – it proposes nearly 58% of new allocations (over and above those in previous Local Plans and already with permission) in the rural areas.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. The local plan should be adjusted to reflect the following:

- More growth should be directed to the Urban Areas around Rugby and Coventry with a reduction in Wolvey and other remote rural areas.
- There are potential alternatives that are superior in terms of their strategic locations and sustainability.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy S5, Countryside Protection, fails the Soundness Test as **Not Justified** for the following reasons:

- Policy S5 is not sound or justified as it is not consistent with National Policy
- The Draft Local Plan intends to allocate circa 1,500 new homes on land that is currently established Green Belt. This does not 'protect' Green Belt.
- There are development options outside of the Green Belt that should be explored.
- The Council's evidence is contrived and seeks to identify large areas of Green Belt as 'Grey belt' even though it is well established green belt – these areas are needed to safeguard the countryside from encroachment

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. The local plan should be adjusted to reflect the following:

- Allocations and designations should follow the National Planning Policy Framework and only allow changes to the Green Belt in exceptional cases.

Policy S6, Residential Allocations, fails the Soundness Test as **Not Justified** and it is not consistent with National Policy.

Land north of B4109 Wolvey (Site 309), should not be allocated for housing for the following reasons:

- 150 new homes are of a disproportionate scale with the current village.
 - The proposed allocation is within the Green Belt – contrary to Government Policy.
 - Previous landscape studies have indicated that the land has 'High sensitivity to housing development'. It is therefore not suitable.
 - Part of the site abuts a Local Wildlife Site. There has not been a sufficient assessment of the ecological impacts.
 - 150 homes (and up to 210 homes) is too much for Wolvey's infrastructure in terms of pressure on the primary school, travel to secondary school, GP practice, and the very limited public transport availability.
 - The Council's own Sustainability Appraisal indicates that "Wolvey is a notably small main rural settlement with a low settlement score".
 - All the above reasons also fail to be justified under Policy S1 Settlement Hierarchy, Policy S2 Strategy for Homes and Policy S5 Countryside Protection
- (Continue on a separate sheet /expand box if necessary)

6. You will need to say why each modification will make the Local Plan legally compliant or sound.

It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The local plan should be adjusted to reflect the following:

- Policy S6 should delete the proposed allocation of 150 homes at 'land north of B4109, Wolvey'.
- Alternative sites should be considered in strategically preferable locations (such as adjacent to the urban areas of Rugby and / or Coventry)

(Continue on a separate sheet /expand box if necessary)

Policy CL1, Net Zero Buildings, fails the Soundness Test as **Not Justified** and it is not consistent with National Policy.

- The Climate change section of the emerging Local Plan is not sound because it is not consistent with the National Planning Policy Framework.
- Policy CL1 should also address the 'location' of development to ensure that new housing seeks to maximise walking and cycling (the most sustainable modes of travel) alongside good access to public transport in accordance with the National Planning Policy Framework. Wolvey has no employment potential, no secondary schools within reasonable walking or cycling distance, no supermarkets and very limited public transport.

- Land North of B4109 Wolvey (Site 309) is adjacent to an existing Local Wildlife site.

Whilst the concept of Design Policies D1 to D5 are mostly sound as any policy that seeks to improve design quality is a good thing, for the purpose of the Local Plan, Policy D1 to D5, Design Policies, fail the Soundness Test as **Not Justified** for the following reasons:

- The scale of development proposed for Wolvey (a 60% increase in village size) would harm local character, rural setting and built form.
- The potential impacts of large-scale growth on the character of Wolvey needed to have been fully considered before sites were proposed as allocations.

Policy I4, Infrastructure and planning obligations, fails the Soundness Test as **Not Justified** and is not consistent with National Policy for the following reasons:

- The scale of development proposed for the village of Wolvey is not capable of being supported by the available infrastructure.
 - Important areas of infrastructure that are lacking include:
- The primary school which near capacity and cannot accommodate another 70 pupils.
- There are no secondary or special education needs school in Wolvey requiring long journeys.
- The GP practice is only open on limited days (and only for part of the day) requiring long journeys
- The shop is small and not suitable for a weekly shop – requiring long journeys
- Public transport is poor
- There is no dentist, chemist or hospital – requiring long journeys
 - Improvements would be unlikely as a result of new development.

The proposals for Site 309, land North of B4019, Wolvey, fail the Soundness Test as **Not Justified** and are not consistent with National Policy for the following reasons:

- 150 new homes are of a disproportionate scale with the current village.
- The proposed allocation is within the Green Belt – contrary to Government Policy.
- Previous landscape studies have indicated that the land has 'High sensitivity to housing development'. It is therefore not suitable.
- Part of the site abuts a Local Wildlife Site. There has not been a sufficient assessment of the ecological impacts.
- 150 homes (and up to 210 homes) is too much for Wolvey's infrastructure in terms of pressure on: the primary school, travel to secondary school, GP practice, and the very limited public transport availability.
- The Council's own Sustainability Appraisal indicates that "Wolvey is a notably small main rural settlement with a low settlement score".

Policy S1, Settlement Hierarchy, fails the Soundness Test as **Not Justified** for the following reasons:

- Supporting evidence does not justify Wolvey being where it is in the hierarchy
- The Rugby Urban Area should accommodate the majority of new growth not the less well-served and remote rural areas.
- The 'Main Rural Settlements' definition is not sound - Wolvey is the smallest and least well-served of all the Rural Villages yet has the third highest housing allocation.
- Wolvey has limited services, facilities, employment and public transport.

Policy S2, Strategy for Homes, fails the Soundness Test as **Not Justified** for the following reasons:

- Policy S2 is not sound because it promotes an unsustainable pattern of development in rural areas that is not 'justified' by the evidence.
- The policy does not reflect the overall preferred strategy of Urban Concentration – it proposes nearly 58% of new allocations (over and above those in previous Local Plans and already with permission) in the rural areas.

Policy S6, Residential Allocations, fails the Soundness Test as **Not Justified** and it is not consistent with National Policy.
Land at Coventry Road Wolvey (Site 358), should not be allocated for housing for or the following reasons:

- 60 new homes at Site 358 and 150 new homes at Site 309 are of a disproportionate scale with the current village.
- The proposed allocation is within the Green Belt – contrary to Government Policy.

- The Council’s own Sustainability Appraisal indicates that “Wolvey is a notably small main rural settlement with a low settlement score”.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy CL1, Net Zero Buildings, fails the Soundness Test as **Not Justified** and it is not consistent with National Policy.

- The Climate change section of the emerging Local Plan is not sound because it is not consistent with the National Planning Policy Framework.
- Policy CL1 should also address the 'location' of development to ensure that new housing seeks to maximise walking and cycling (the most sustainable modes of travel) alongside good access to public transport in accordance with the National Planning Policy Framework. Wolvey has no employment potential, no secondary schools within reasonable walking or cycling distance, no supermarkets and very limited public transport.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The local plan should be adjusted to reflect the following:

- There should be an additional Climate Change policy that sets out the Council's aspirations for locating growth in sustainable locations and not in unsuitable rural locations.

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

I consider it necessary to participate in the hearing sessions so I can confirm that my comments and views have been properly analysed and taken into due consideration.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Whilst the concept of Design Policies D1 to D5 are mostly sound as any policy that seeks to improve design quality is a good thing, for the purpose of the Local Plan, Policy D1 to D5, Design Policies, fail the Soundness Test as **Not Justified** for the following reasons:

- The scale of development proposed for Wolvey at sites 309 and 358 (a 60% increase in village size) would harm local character, rural setting and built form.
- The potential impacts of large-scale growth on the character of Wolvey needed to have been fully considered before sites were proposed as allocations.

Policy I4, Infrastructure and planning obligations, fails the Soundness Test as **Not Justified** and is not consistent with National Policy for the following reasons:

- The scale of development proposed for the village of Wolvey (sites 309 and 358) is not capable of being supported by the available infrastructure.
 - Important areas of infrastructure that are lacking include:
- The primary school which near capacity and cannot accommodate more pupils.
- There are no secondary or special education needs school in Wolvey requiring long journeys.
- The GP practice is only open on limited days (and only for part of the day) requiring long journeys
- The shop is small and not suitable for a weekly shop – requiring long journeys
- Public transport is poor
- There is no dentist, chemist or hospital – requiring long journeys
 - Improvements would be unlikely as a result of new development.

The proposals for Site 358, Coventry Road, Wolvey, fail the Soundness Test as **Not Justified** and are not consistent with National Policy for the following reasons:

- 60 new homes at Site 358 and 150 new homes at Site 309 are of a disproportionate scale with the current village.
- The proposed allocation is within the Green Belt – contrary to Government Policy.
- 60 new homes (and up to 210 homes when Site 309 is included) is too much for Wolvey’s infrastructure in terms of pressure on: the primary school, travel to secondary school, GP practice, and the very limited public transport availability.
- The Council’s own Sustainability Appraisal indicates that “Wolvey is a notably small main rural settlement with a low settlement score”.
