Subject: Housing

I'm writing to you to let you know of my objections to the planned new housing for Brinklow.

No:1 volume of traffic going through the village is horrendous. We have Lorrie's going through the village to who knows where. Cars from these industrial parks near by. Most of them speeding. There are no means to try to slow traffic down. Even though they have been requests for some form of safety measures.

No:2 The roads in and around the village are dangerous. Full of potholes of which a few get filled in, only to break up at the first signs of bad weather. No street cleaning vehicles. Hence all the blocked drains, especially at harvest time. So we now get flooding.

No:3 parking in the village is a nightmare. So how will the village cope with all the extra cars?

We have no infrastructure to cope with all these new houses. Schools, Doctors, it's already a nightmare, just trying to get an appointment with a doctor.

We are a village, and should stay that way.

Mrs Barbara Hatton
