Subject: Re: Automatic reply:

this is Matthew hopkins [REDACTED] im disagree with the proposals of the site down hall Lane as the fields get used for people walking there dogs and also the wildlife which it will effect the river floods and the land gets very bogey where they want to build the houses plus the other site would be more better as it goes on to the main road bulkington road gets very busy in the mornings and afternoons these roads are not built for all the usagethe school is not big enough the doctors you cannot get in to make appointment it takes about 2/3 weeks i really object to the decision to the planning why ruin a small village there has been houses up for sale and not sold for up to 12 months its a lovely village to live and it will be ruined your regards matthew hopkins
