Subject: Proposed Submission Consultation

Dear Sir,

Thank you for contacting me regarding The Proposed Submission Local Plan.

My details are
Mrs Linda Houghton

[REDACTED]

How delighted I am that you are coming back to me to say that Policy - W1B has been put forward as a proposal in your plan.

I have been following the situation since we lost stockcar racing at Brandon in 2016 all the appeals, the Planning Inspectorate, and a relief that someone has listened and accepted stockcar racing as a sport.

Me personally have been a fan for almost 20 years and the loss of Brandon as a venue was a great loss to us in the Midlands and to know that this will return in the future, is amazing for all those concerned. We now have to travel some distance to watch racing and it will be a delight to have our track back

Kind regards

Linda Houghton
