Subject: local Plan Proposal of policy W1B

Dear Sir/Madam

I am writing in support of the councils designation of Brandon as a significant motor sports venue in the emerging local plan.
Proposal of Policy W1B.

I had been attending Speedway at Brandon since 1978 (since I was 14 years old) continually I never missed an home meeting. My brother took me to my first meeting after that I was hooked. I followed the Bees home and away I have watched League racing and international meetings at Brandon. Brandon became my second home.

I do miss going to Brandon as it was a major part of my life.

The site has a unique place in motorsport history it as stood on that site proudly and there is no alternative venue to provide such entertainment within the Warwickshire/West Midlands catchment area.

Please bring Brandon Stadium back to life and I support the movement to bring motor sports and other activities back to the Stadium and let the future generation enjoy what we enjoyed before we had to vacate the Stadium.

Thank you

Dean Ismay
