**Subject:** local Plan Proposal of policy W1B

Dear Sir/Madam

I am writing in support of the councils designation of Brandon as a significant motor sports venue in the emerging local plan.  
Proposal of Policy W1B.

I first attended speedway as a young girl in the 1950's. My daughter then took me back up to Brandon after my husband passed away in the 1990's. I thorough enjoyed it the excitement and meeting many other supporters.

I do miss going to Brandon as it was a place that you could go without any fear of trouble.

The site has a unique place in motorsport history it as stood on that site proudly and there is no alternative venue to provide such entertainment within the Warwickshire/West Midlands catchment area.

Please bring Brandon Stadium back to life and I support the movement to bring motor sports and other activities back to the Stadium.

Thank you

Margaret Ismay
