Hello

I've been informed that the plans for speedway are looking promising and that the fans are asking those near and far to write to the council to express interest in the ground being restore. They've made it clear on Facebook that support does not need to be from the locals people outside the city such as Oxford can express support to help.

I'm live on the border of the old site and how can it be that local people get ignored yet those who do not live locally can have an input on what happens on our door step. It outrageous.

Only those in the city should be allowed to have any input into the future of the speedway site.

As a resident backing on to the old land I do not want speedway here. I pay the highest council tax in Brandon have flooding that gets ignored and now this chaos in my back garden. Many people in Brandon do not want it back but would prefer to see some nature established. But what does it matter what they want when there's corrupt council man and women pushing this agenda.

Kind regards

Dear Consultee,

Rugby Borough Council is updating its local plan. The local plan sets out policies and locations for new development across the borough, and we are obliged to review it every 5 years as a minimum.

The Proposed Submission Local Plan is the document the Council intends to submit to the Secretary of State for Housing, Communities and Local Government to be examined by an independent Planning Inspector. It sets out a development strategy for the Borough for the period 2025-2042, allocates land for development, and includes development management policies to be used for determining planning applications. The document has been informed by feedback received during the two previous rounds of public consultation – the ‘Issues and Options’ consultation which concluded in February 2024, and the ‘Preferred Option’ consultation which concluded in May 2025.
