Site ID	39				

4. Do you consider the Local Plan:

(1) is Legally compliant	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
(2) is Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) complies with the Duty to co-operate	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The current infrastructure within the village paying particular attention to water courses and drainage is unable to cope with the current demands of the village demands resulting in regular flooding in various locations throughout the village and adding further properties will only exacerbate the situation.

We are constantly under threat of flooding around my property during prolonged periods of heavy rain and have issued videos and evidence to RBC.

The issue is as a result of run off from the field located at the rear of our property and once excess water reaches a certain level, it overflows from the property and causes flooding School Street that has compromised properties located lower and across from my property. I have been advised to log and report any further events but at no point has the issue been investigated further and this only supports the concerns with the current infrastructure that will be negatively impacted by further building adding to the current insufficient infrastructure.

The proposed development is also located within green belt contrary to government policy.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

In order for the drainage to cope with the demands of additional properties the current infrastructure requires upgrading to cope and prevent further flooding and increasing the potential of flooding and insurance concerns and damage to properties that is currently raising concerns.

Alternative sites capable of coping with the additional housing and not negatively impacting the current ability for the village services to cope should be considered.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:
