Dear Sirs, I am writing this statement of support regarding Coventry Speedway.

I have been following Speedway racing for over 70 years, [REDACTED] ! in all those years i can honestly say the sport has provided thousands of supporters with excellent family entertainment, without a hint of trouble from the fans, unlike some other sports. Speedway is regarded as a world wide 'family' within its supporters.

Coventry should be proud to have been part of that family & I ask you to think carefully about any negative decisions regarding future use of the stadium.

Writing this on behalf of Speedway supporters in the South.

Clive B. Matthews. [REDACTED]
