Rugby Borough Council Proposed
Submission Local Plan

Please return to Rugby Borough Council by 5:00pm Friday 13th March 2026
By email to: localplan@rugby.gov.uk with **Proposed Submission Consultation in
the subject line, OR by post to:** Development Strategy, Town Hall, Evreux Way,
Rugby, CV21 2RR.

This form has two parts –

Part A – Personal Details: need only be completed once.

Part B – Your representation(s). Please fill in a separate sheet for each
representation you wish to make.

Part A

1. Personal Details*

**If an agent is appointed, please complete only the Title, Name and Organisation boxes below (if applicable) but complete the full contact details of the agent in 2.*

2. Agent's Details (if applicable)

Telephone Number	<input type="text" value="██████████"/>	<input type="text"/>
E-mail Address (where relevant)	<input type="text" value="████████████████████"/>	<input type="text"/>

Part B – Please use a separate sheet for each policy or site you wish to comment on

Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph	<input type="text"/>	Policy	<input type="text"/>	Policies Map	<input type="text"/>
Site ID	316				

4. Do you consider the Local Plan:

(1) is Legally compliant	Yes	<input type="text"/>	No	<input type="text"/>
(2) is Sound	Yes	<input type="text"/>	No	No
(3) complies with the Duty to co-operate	Yes	<input type="text"/>	No	<input type="text"/>

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The second half of the site is to be built on land that currently has a brook that runs under the Coventry Road and over through Livingstone Avenue. Since the 2nd phase of the Brambles has been built, we have seen an increase in the flooding of the Coventry Road where it meets the brook, I have lived here for over 25 years and there was never flooding at this point on the road until the 2nd phase of the Brambles. I am concerned that if developers simply connect drains for surface water run off to this brook, the risk of the road and Livingstone Avenue flooding will be greatly increased, this will impact traffic on the busy Coventry road and will cause issues for residents with frontages on to this road (Southview Road) and Livingstone Avenue.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness

matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Amend the plan to take into account the impact that surface water run off will have on the drains on the A428 and the stream that crosses it and Livingstone avenue.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Participation in the hearing sessions is necessary because my representations raise specific issues of soundness relating to infrastructure delivery, policy precision, and the effectiveness of mitigation for a large site allocation at Long Lawford.

In particular, the representations address whether the Plan is positively prepared, justified, and effective in securing timely community and health infrastructure, appropriate transport mitigation, and clear delivery mechanisms through policy wording and Section 106 obligations.

These matters require examination through discussion of evidence, viability, and implementation, which cannot be fully explored through written representations alone. Attendance at the hearing would therefore assist the Inspector in determining whether the Plan provides a sound and deliverable framework for sustainable growth at Long Lawford.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

All representations received will be submitted to the Planning Inspectorate alongside the Proposed Submission Local Plan and published on the council's website. Personal addresses and email addresses (as distinct from businesses addresses), but not names, will be redacted before representations are published.

The addition of 650 houses to Long Lawford will bring families that will be expecting Long Lawford School to be able to accommodate them. The school is already at capacity and with the school having already applied to reduce the year group intake from 90 down to 60, where are these children expected to go? Not being able to attend the local school will result in yet more traffic as parents ferry children to whatever school can take them

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound.

It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Amend the policy and supporting text for Sites 316 and 253 to:

demonstrate that any required expansion of Long Lawford Primary School is physically feasible;

require the safeguarding of land sufficient to accommodate a 1FE Primary School in accordance with Department for Education (DfE) Building Bulletin 103 standards. This land shall only be released for residential use if the Local Education Authority categorically proves that off-site expansion at Long Lawford Primary is deliverable;

require developer-funded mitigation to address primary education demand arising;

secure delivery of additional capacity prior to, or in step with, occupation of the development.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Looking at the plans, it appears that most of the traffic for both parts of the site are going to have to use Lawford Heath Lane for access. This is going to put considerably more strain on the crossroads of Lawford Heath lane, Coventry Road and the Green. Traffic here is already very busy at rush hours and the with the increase in traffic I can see this becoming a major accident black spot. In truth the plan seems to have not put any thought into the access to and from the sites. For 400 dwellings, there will be a lot of queuing traffic that will cause stop start travel on the already busy Coventry Road, pollution levels will be increased for all residents with frontages on to the Coventry Road, along with noise pollution from engines and music from cars.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Amend the policy and/or supporting text relating to the Long Lawford allocations (Sites 316 and 253) to require that:

transport assessment, modelling and access design explicitly consider impacts on residential amenity for existing properties fronting the A428, in addition to highway capacity and junction performance;

development proposals demonstrate that junction design, traffic management, and mitigation measures will minimise stop-start queuing, prolonged idling, and associated noise or air quality effects adjacent to existing homes; and

where such impacts cannot be avoided, appropriate mitigation measures are secured through planning obligations or conditions.

These amendments are necessary to ensure the Plan is effective and consistent with national policy on residential amenity and environmental quality.

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.
