**Subject:** My support of policy W1B - Coventry / Brandon Stadium

Dear Councillors,

I am writing to give my full support to policy W1B.

Like tens of thousands of like minded sports fans I am desperate to see Coventry Stadium restored for new generations to enjoy.

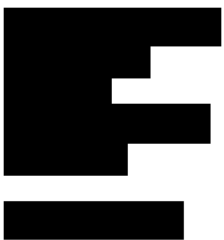

Stock car racing at Brandon was a monthly treat for all of my family and a chance for us to connect with numerous like minded individuals at the 'Wembley Stadium' of our sport.

We now have a credible and talented consortium waiting in the wings to make thousands of dreams come true.

I applaud Rugby Council for recognising the historic and future significance of speedway and stock car racing in the area. I urge the council to make the final moves to bring this sorry saga, brought on by Brandon Estates' negligence, to a happy conclusion.

Yours sincerely

Mark Trevarthen
