(3) complies with the Duty to co-operate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

I am concerned about the level of industrial development (site 64) in close proximity to existing residential and school facilities - in particular, the increase in heavy goods traffic in the area presents challenges for existing residents in terms of noise and pollution, and increases the load hugely on local road infrastructure. The connection to the A426 at the Rugby Gateway roundabout is already a point of congestion with the existing level of goods traffic. Existing employment areas adjacent to the residential areas comprise mainly of light industrial and office accommodation rather than warehousing, and does not present the same level of traffic. Additionally, the Coton Park residential area is currently underprovisioned in terms of promised community facilities (community centre, secondary education) and this should also be considered.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

9. If you have used AI to produce or substantially alter your representation, please declare which tool you have used, how it was used, and what checks you have undertaken to ensure the AI-produced material is accurate.

All representations received will be submitted to the Planning Inspectorate alongside the Proposed Submission Local Plan and published on the council's website. Personal addresses and email addresses (as distinct from businesses addresses), but not names, will be redacted before representations are published.
