Local Plan Paragraph		Local Plan Policy	Infrastructure II Transport	Policies Map	No

No
----

(2) is Sound

No
----

(3) complies with the Duty to co-operate

No
----

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The services in Wolvey could not support this amount of houses. The buses are irregular and take a long time to get anywhere. We don't even have a bus to Hinckley, you built a bus stop outside kingmakers and it doesn't even have a route attached. This wasn't on the original plans either. It is not sustainable to live in Wolvey without a car. Already the parking in the square is ridiculous. The traffic through the square is also enourmous. We are a remote village with limited services and this is not a sustainable plan

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

There are options closer to Rugby town that would be more sustainable. Where people would not be isolated as the transport links are already in place. The employment opportunities are better in Coventry and Rugby and therefore the large scale housing should be closer to them. Build a small development.

(Continue on a separate sheet /expand box if necessary)

***Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.***

***After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.***

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

---

*Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

*9. If you have used AI to produce or substantially alter your representation, please declare which tool you have used, how it was used, and what checks you have undertaken to ensure the AI-produced material is accurate.*
