Support For Policy EN 4 Areas of Separation

EN4 Areas of Separation

A. Areas of Separation are defined on the policies map between Rugby town and the settlements of Clifton upon Dunsmore, Dunchurch and Thurlaston.
B. Development will only be permitted in these areas when it will not have a significant adverse impact, either alone or in combination with other existing or proposed development, on the effectiveness of an Area of Separation in protecting the identity and distinctiveness of settlements and preventing their coalescence.
C. Developments that diminish physical and visual separation, have an urbanising influence, or which adversely impact settlement identity should be deemed as having an adverse impact on the effectiveness of an Area of Separation.
D. Applicants proposing development that may have an adverse impact on an Area of Separation must demonstrate that they have considered this impact and have incorporated appropriate mitigatory measures into their proposal.
