Reinstatement of Brandon Stadium policy W1B

Dear sirs,

Further to the email document emailed to me on the subject of Submission of Local Plan I would like to reaffirm my support for the reinstatement of Brandon Stadium and the Stock Car racing meetings. My whole family really enjoyed our Saturday evening race meetings along with the thousands of other fans who have been devastated by the events that has robbed us of fantastic family entertainment. We all still hold out hope that events will allow the racing to re commence at Brandon and will fully support the race meetings if they are able to return 🙏

Thanks in anticipation

Mr Steve Wearing
