

Annual Infrastructure Funding Statement

April 2019 - March 2020

Introduction

- 1.1 Under the Community Infrastructure Levy Regulations 2010 (as amended) Regulation 121A requires all local authorities to prepare an annual infrastructure funding statement.
- 1.2 *“For the financial year 2019/2020 onwards, any local authority that has received developer contributions (section 106 planning obligations or Community Infrastructure Levy) must publish online an infrastructure funding statement by 31 December 2020 and by the 31 December each year thereafter. Infrastructure funding statements must cover the previous financial year from 1 April to 31 March....”* Paragraph 175 Community Infrastructure Levy – Planning Guidance
- 1.3 Appendix 1 sets out the details required for an annual infrastructure funding statement, which covers both the Community Infrastructure Levy (CiL) and S106 obligations. A S106 obligation is derived from section 106 of the Town and Country Planning Act 1990. It is a voluntary agreement between the local planning authority and any other body with an interest in land in their area. Its purpose is to restrict and/or regulate the use of land, or to make other such arrangements (such as financial contributions) as the local authority considers to be necessary. The Community Infrastructure Levy is a planning charge, introduced by the Planning Act 2008, that local authorities can use to help deliver infrastructure to support development in their area.
- 1.4 As Rugby Borough Council has not introduced a CiL during the relevant reporting period, this document will only report on S106 obligations.
